TECHNICAL DATA INFORMATION

DESCRIPTION

Our grey waffle weave material is purposefully designed for covering pilot seats, prioritizing both style and safety. Crafted with flame-retardant properties, it ensures the highest level of protection for pilots in the cockpit. The material is 95% Wool, 5% Trevira CS and has climate-regulating properties which assure optimised seating comfort for many hours.

The waffle weave texture adds a touch of sophistication to the seats, while the grey hue exudes a modern and professional aesthetic. Elevate your aircraft's interior with this material, striking the perfect balance between comfort, style, and safety for your valued pilots.
